Tiger Pause

Bennett High School
Bennett, Colorado

Take Time to Pause . . .

Though school means many different things to many people, the Seniors of 1972 have learned that our school days are to be remembered as youthful days which include happiness, romance, sorrow, achievement, etc.

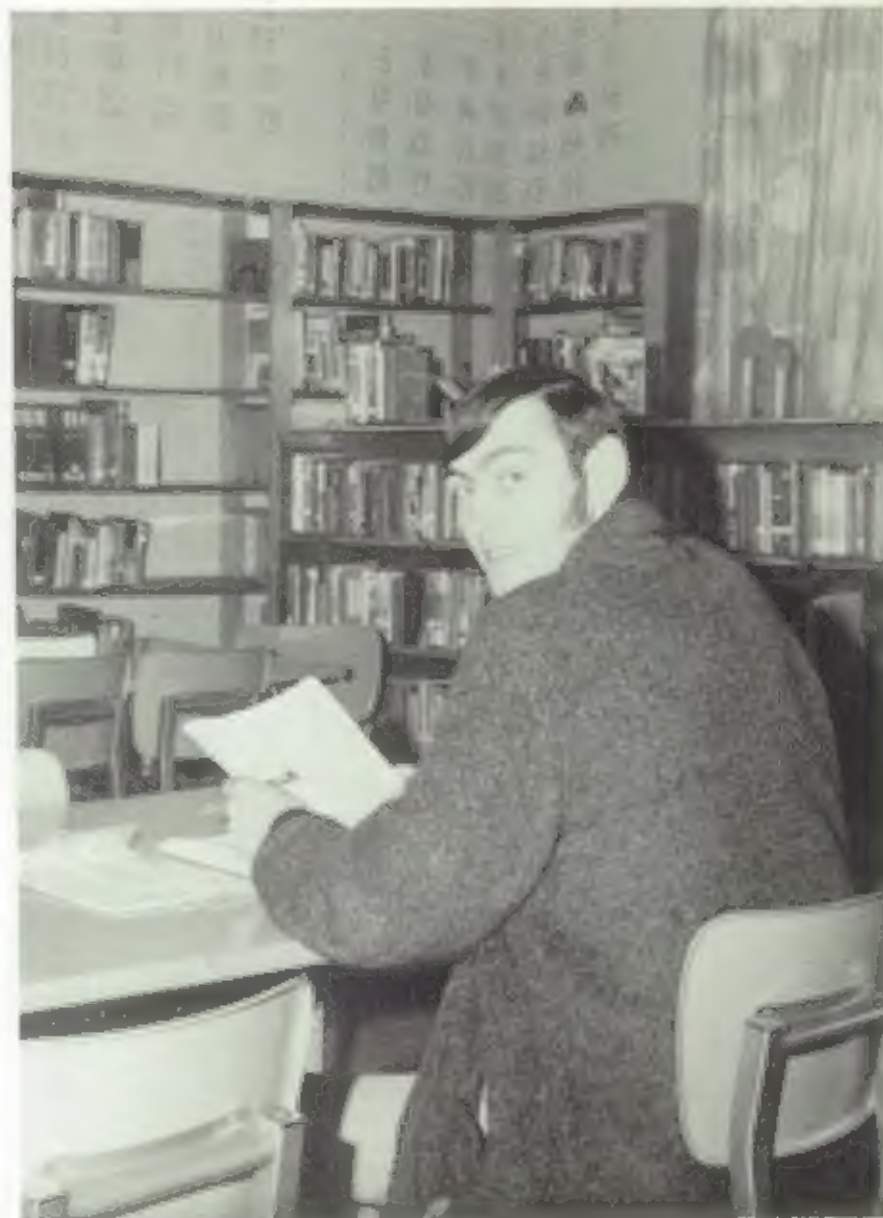

. . . And Remember

We have gone through many great years together, learning not only our studies but also learning how to live. School has meant many things to us, but most of all, school has meant a lasting relationship with many wonderful people.

*In Loving Memory of
Sandy Nielsen*

JULY 7, 1954 - JANUARY 23, 1972

"SANDY"

"What we would give if we could say, "Hi Sandy!" in the same old way. To hear her voice and see her smile. To sit with her and talk awhile. So you, who have classmates, cherish them and show you care. For you'll never know the heartache until you see their vacant chair. When she left, the joy departed, and our lives have been filled with tears. We pray she knows we love her, miss her more each and every day, and our hearts are still as heavy as on that sad January day."

ADMINISTRATION

MARION D. YOUNG

Superintendent Young Coordinates and Administers the School's Programs

MARJORIE HENDRIX
Elementary Secretary

The rapid growth in school enrollment has required a number of changes in the Bennett School system. At the end of the first semester, there were 300 elementary and 175 high school and junior high students enrolled, 25 faculty members, and 22 other employees.

Mr. Young coordinates and administers the school's programs. He supervises the curriculum development, and the business and plant management. Attending educational and professional meetings, meeting with teachers and parents, working with the citizens' committee on educational accountability, serving as coordinator for Tri-Valley Cooperative Services, being

chairman of the Colorado Spurs Cluster, and guiding and explaining the open space program to the many visitors throughout the states occupies a great deal of his time.

Children and their education is always foremost in Mr. Young's mind. His attitude toward his job is best summed up by the following quote: "Ideals are like stars. You will not succeed in touching them with your hands; but, like the seafaring man, you choose them as your guides, and following them, you will reach your destiny."

District 29J Builds New Elementary School

The District 29 J School Board is composed of five members and the superintendent. The Board, basically a policy-making group, spent many hours consulting with the administration, the citizens' committee, and consultants to improve the school. As a result of these conferences, new buildings have been provided, new approaches are being

used and the latest curriculum developments are being employed.

The Board and the community should be commended for their foresight and their willingness to take the initial step in keeping the Bennett School System current in their educational practices.

As we find the school year drawing to an end, it is my sincere hope that you have grown in knowledge and skills. May the experience gained at Bennett High School help you to meet the challenges of life.

To the graduating seniors, may this annual serve as a doorway to the past, by which you can recapture high school memories.

To the students returning next fall, let's look for an even more rewarding school term. I will be looking forward to working with you toward this goal.

My congratulations to Mrs. Young and the annual staff on the achievements attained in the 1972 yearbook.

Sincerely,

Ron Mader

Versatile Teachers Help in Many Areas

The curriculum in the English department is being developed to give students a background in all phases of English. Students are given an introduction to literature in English I and II. The English III class studies American Literature while the English IV class studies English Literature. At times during the year, you can hear Seniors and Freshmen reciting Shakespeare's famous lines.

Grammar and writing are being stressed in all classes. Speech is offered to senior students. French is an elective course that is offered to students who are interested.

Math and Science Stimulate Hidden Abilities

Bennett's Science program consists of two basic required courses. One is offered to freshmen and is designed to present a broad perspective of the earth, its history, and how man is affected by it. Biology is presented to sophomores and surveys the plant and animal life of the world. Chemistry and Physics are elective courses available to junior and senior students.

The math department offers Algebra I, Algebra II, geometry, business math and some advanced classes including trigonometry and calculus. Mrs. Baker is currently planning a deciphering contest among her students to be held sometime later in the year.

Individualized Study Program Added to Curriculum

MR. BRITTON works on plans for his classes.

Home economics is also presented as individual study. "This way," Mrs. Williams says, "the students can learn what they want and also what they need." The students work on assignment papers and after completion, they discuss the assignment with the teacher. Mrs. Williams says that this provides more of a challenge to both teacher and student.

Agriculture is a well-advanced vocational class offered at Bennett. The agriculture department includes a barn, acreage, a well-equipped shop, and the Ag teacher, Mr. Britton, who is deeply interested in helping his students.

Consumer Business Education New Development at BHS

The Vocational program, encompasses business, home economics, and agriculture. These classes are open to any interested students. There are 24 students in the new independent business study program. They are able to choose study from data processing, Typing II, filing, office machines, Bookkeeping II, and office occupations.

Typing has taken a change from the traditional to a more individualized approach. With this approach, students are all working on different problems at the same time. This allows the instructors to give individual instruction to students.

Seniors Climb the Ladder to Success

The Seniors quickly learned that this is not the year to "take it easy." If the seniors are not involved in extra-curricular activities or clubs, then they are involved in senior and school activities. In December, the seniors put on "The Hobbit," a play about wizards, dragons, and elves. Seniors are also actively aiding grade school teachers and working on the annual. With the pep club banquet, Prom, Baccalaureate, and Graduation coming up, the seniors will stay busy and will remember with fond reminiscence their senior year at Bennett High School. The Senior officers are President - Ron Ehmman, Vice President - Marilyn Converse, Secretary and Treasurer - Deanna Nordahl, Student Council - Bruce Elder.

SENIOR OFFICERS Ron, Marilyn, Deanna, and Bruce climb the ladder to success.

BEN HAWTHORNE, Robert Evans, Dave MacLennan and Norm Lown do their share on the scenery for "The Hobbit."

On Friday, playing for Consolation, Englewood trounced Byers 73-44, and Bennett slipped by Nederland 62-52. On the other side of the bracket, Colorado Academy cut down Denver Baptist 70-48 and Erie humiliated Hinkley 91-46. On Saturday the 3rd place was won by Denver Baptist when they inched by Hinkley 57-54. Next Bennett beat Englewood for consolation 61-57. In the championship game, Erie won over defending champion Colorado Academy 70-62.

The tournament went smoothly with Bennett losing only to the Championship Erie team. Bennett got a lot of experience and gave the town an indication of what they could do.

In December 1971, Senior girls all over the United States took the Betty Crocker Homemaker of Tomorrow test. A winner is named for each school. The school winners then compete in the state contest for scholarships. The state winners compete Nationally for additional scholarships.

Juniors Salvage Newspapers for Prom

JUNIOR OFFICERS Joan, Mary, Lynn, Mike, Larry, and Bill look at newspapers they collected.

The Junior class, an enterprising group of people, were busy financing the Junior-Senior Prom. They raised money through a paper drive and a roast beef supper held on the 5th of December during Bennett's Invitational tournament. Later in the year the Juniors will put on a play to further help their financial need. The Junior officers are President - Mike Eads, Vice President - Mary Trueblood, Secretary - Joan Bordner, Treasurer - Lynn Parker, Reporter - Bill Wilson, Student Council - Larry Wood

Senior Class Prophecy

As the voice of Kathy Pinzenscham, the famous radio announcer, came over the loud speaker, a silence fell among the crowd as she announced the opening event of the 1976 Winter Olympics. Reverend Norm Lown of the Church of What's Happening Now gave the invocation.

As the ski jumping event got underway Sister Debbie Gresham known as the Flying Nun started down the jump. Suddenly, one of her skis came loose and she lost control in midair. As she came down, she fell into a tree and broke her leg. MD Bruce Elder rushed to the rescue to treat his patient.

Forester Rick Finney came running and cried, "My favorite tree!"

As we look back to the entrance of the stadium, we see familiar faces as Mr. and Mrs. Jim Pinzenscham and Mr. and Mrs. Kenny Newby arrive.

An argument back at the ski jump brings our attention to the scene as RCA Cowboy Robert Evans and Trick Roper Darlene Hardwick are disputing with two Hippies Sam Alldredge and Veryl Peavler. As the argument becomes violent Policeman Dave MacLennan rushes to the scene to settle the dispute.

The voice of Kathy Pinzenscham breaks through the clear air as she announces special recognition being given to the President and the Vice-President of the Acme Electronics Corporation, Mr. Don Morgan and Mr. Scott Goodwin by the secretary of State Deanna Nordahl and the Secretary of the Olympics Betty Flippin. They have furnished all the time clocks used in this year's Olympics.

Sirens are heard and we see Fire Chief Ron Ehmann and his crew faithfully carrying out their duties by putting out the Eternal Flame of Mt. Olympus.

The sound of screeching tires brings a hush among the crowd as taxi cab driver, Sue Siefken, brings famous inhalation therapist Cherry Jackson and Special Education Teacher, Marilyn Converse to the exciting action going on in Steamboat Springs.

Veterinarian, Ben Hawthorne, is called on when an excited Huskie getting ready for the Dog Sled Race gets tangled in his harness.

The sight of a large 747 settling down draws everyone's attention as we are greeted by Foreign Interpreter Sheila Brungardt and Stewardess Debbie Trupp, here to insure the safety of all our foreign friends on their long journey home.

The Class of '73" wish to extend their sincere congratulations to the Class of '72.'

Best of Luck.

On any given day close to an annual deadline you might walk into the elementary school library and see what might be termed as mass confusion. This would seem to many as the annual staff along with their industrious sponsor, Mrs. Young working eagerly on the 1972 Tiger Pause.

But there is more going on than simply putting out an annual. The entire annual staff is experiencing a time of work, learning, fun, but more important than all of this, they are experiencing a time of togetherness before they all graduate and go their separate ways.

Tigers Complete An Unpredictable Season

The 1971 football team set out to prove that teamwork together with desire could overcome some big obstacles in the way of a good season. All the teams that the Tiger grid stars faced outnumbered and outweighed them. This, however, did not even phase the Tigers as they beat every team except the league champions. They were ranked 7th in state after their first game, but soon lost the rating. The 1971 Tiger

football team ended up second in league. Mr. Read coached and Mr. Hamilton assisted our team in getting four Tiger players named to the All-Conference Team. These were Robert Evans, Dave MacLennan, Bruce Elder and Rodger Dahl. Coach Read, commented, "Considering everything, it was a great season."

Bennett Ends Season with 6-3 Record

The Strasburg game started out well as Kevin Mitchell ran a cross-buck for several yards putting us in scoring range but we were held at the Indian 7. At halftime the score stood 0-0 with Bennett controlling the ball most of the time. In the third quarter, halfback, Kevin Mitchell ran cross-field to his right, eluding tackles, and scoring on the 33 yd. play. In the forth quarter after a long sustained drive, Quarterback, Bruce Elder, plunged over the line to put the game out of reach for Strasburg. Both PAT'S failed and our overbearing defense secured the 12-0 victory.

Tigers kick off for Victory.

Rex, quit turning in circles.

All together now, let's hear it for Bennett High.

The Power of Concentration Brings Challenging Rewards

ALL-CONFERENCE FOOTBALL

STANDING, Left to Right: Dave MacLennan, Rodger Dahl. KNEELING: Bruce Elder, Robert Evans.

Robert - Offensive guard. Robert was a good blocker. Played MLB on defense and was a hard-nosed tackler. He averaged 12-14 tackles per game.

Bruce - Offensive QB. Bruce was a good runner - good passer - and good signal caller. Bruce had over a 50% completion average. Bruce played Defensive HB averaged 12-14 sacks per game.

Dave - Defensive halfback. He averaged 14 tackles per game. Played HB offense. He scored five TD's in the first game, against Calhan. He was one of the prime receivers on the team. Dave made impossible catches.

Rodger - Offensive end with very good hands. Rodger could catch the ball if it were thrown anywhere close to him. Rodger played DE and DHB. He is a good tackler and watches the ball very well. Look for Rodger to be a great player in '72."

Excelling is a personal thing, sometimes accomplished individually, sometimes within a group, nonetheless personal and dependent upon competitive motivation.

Norm had a lot of integrity on the floor and shot with excellent consistency (with a 18.1 average) he had powerful ability under the backboards. He lettered his four high school years, and will be greatly missed next season.

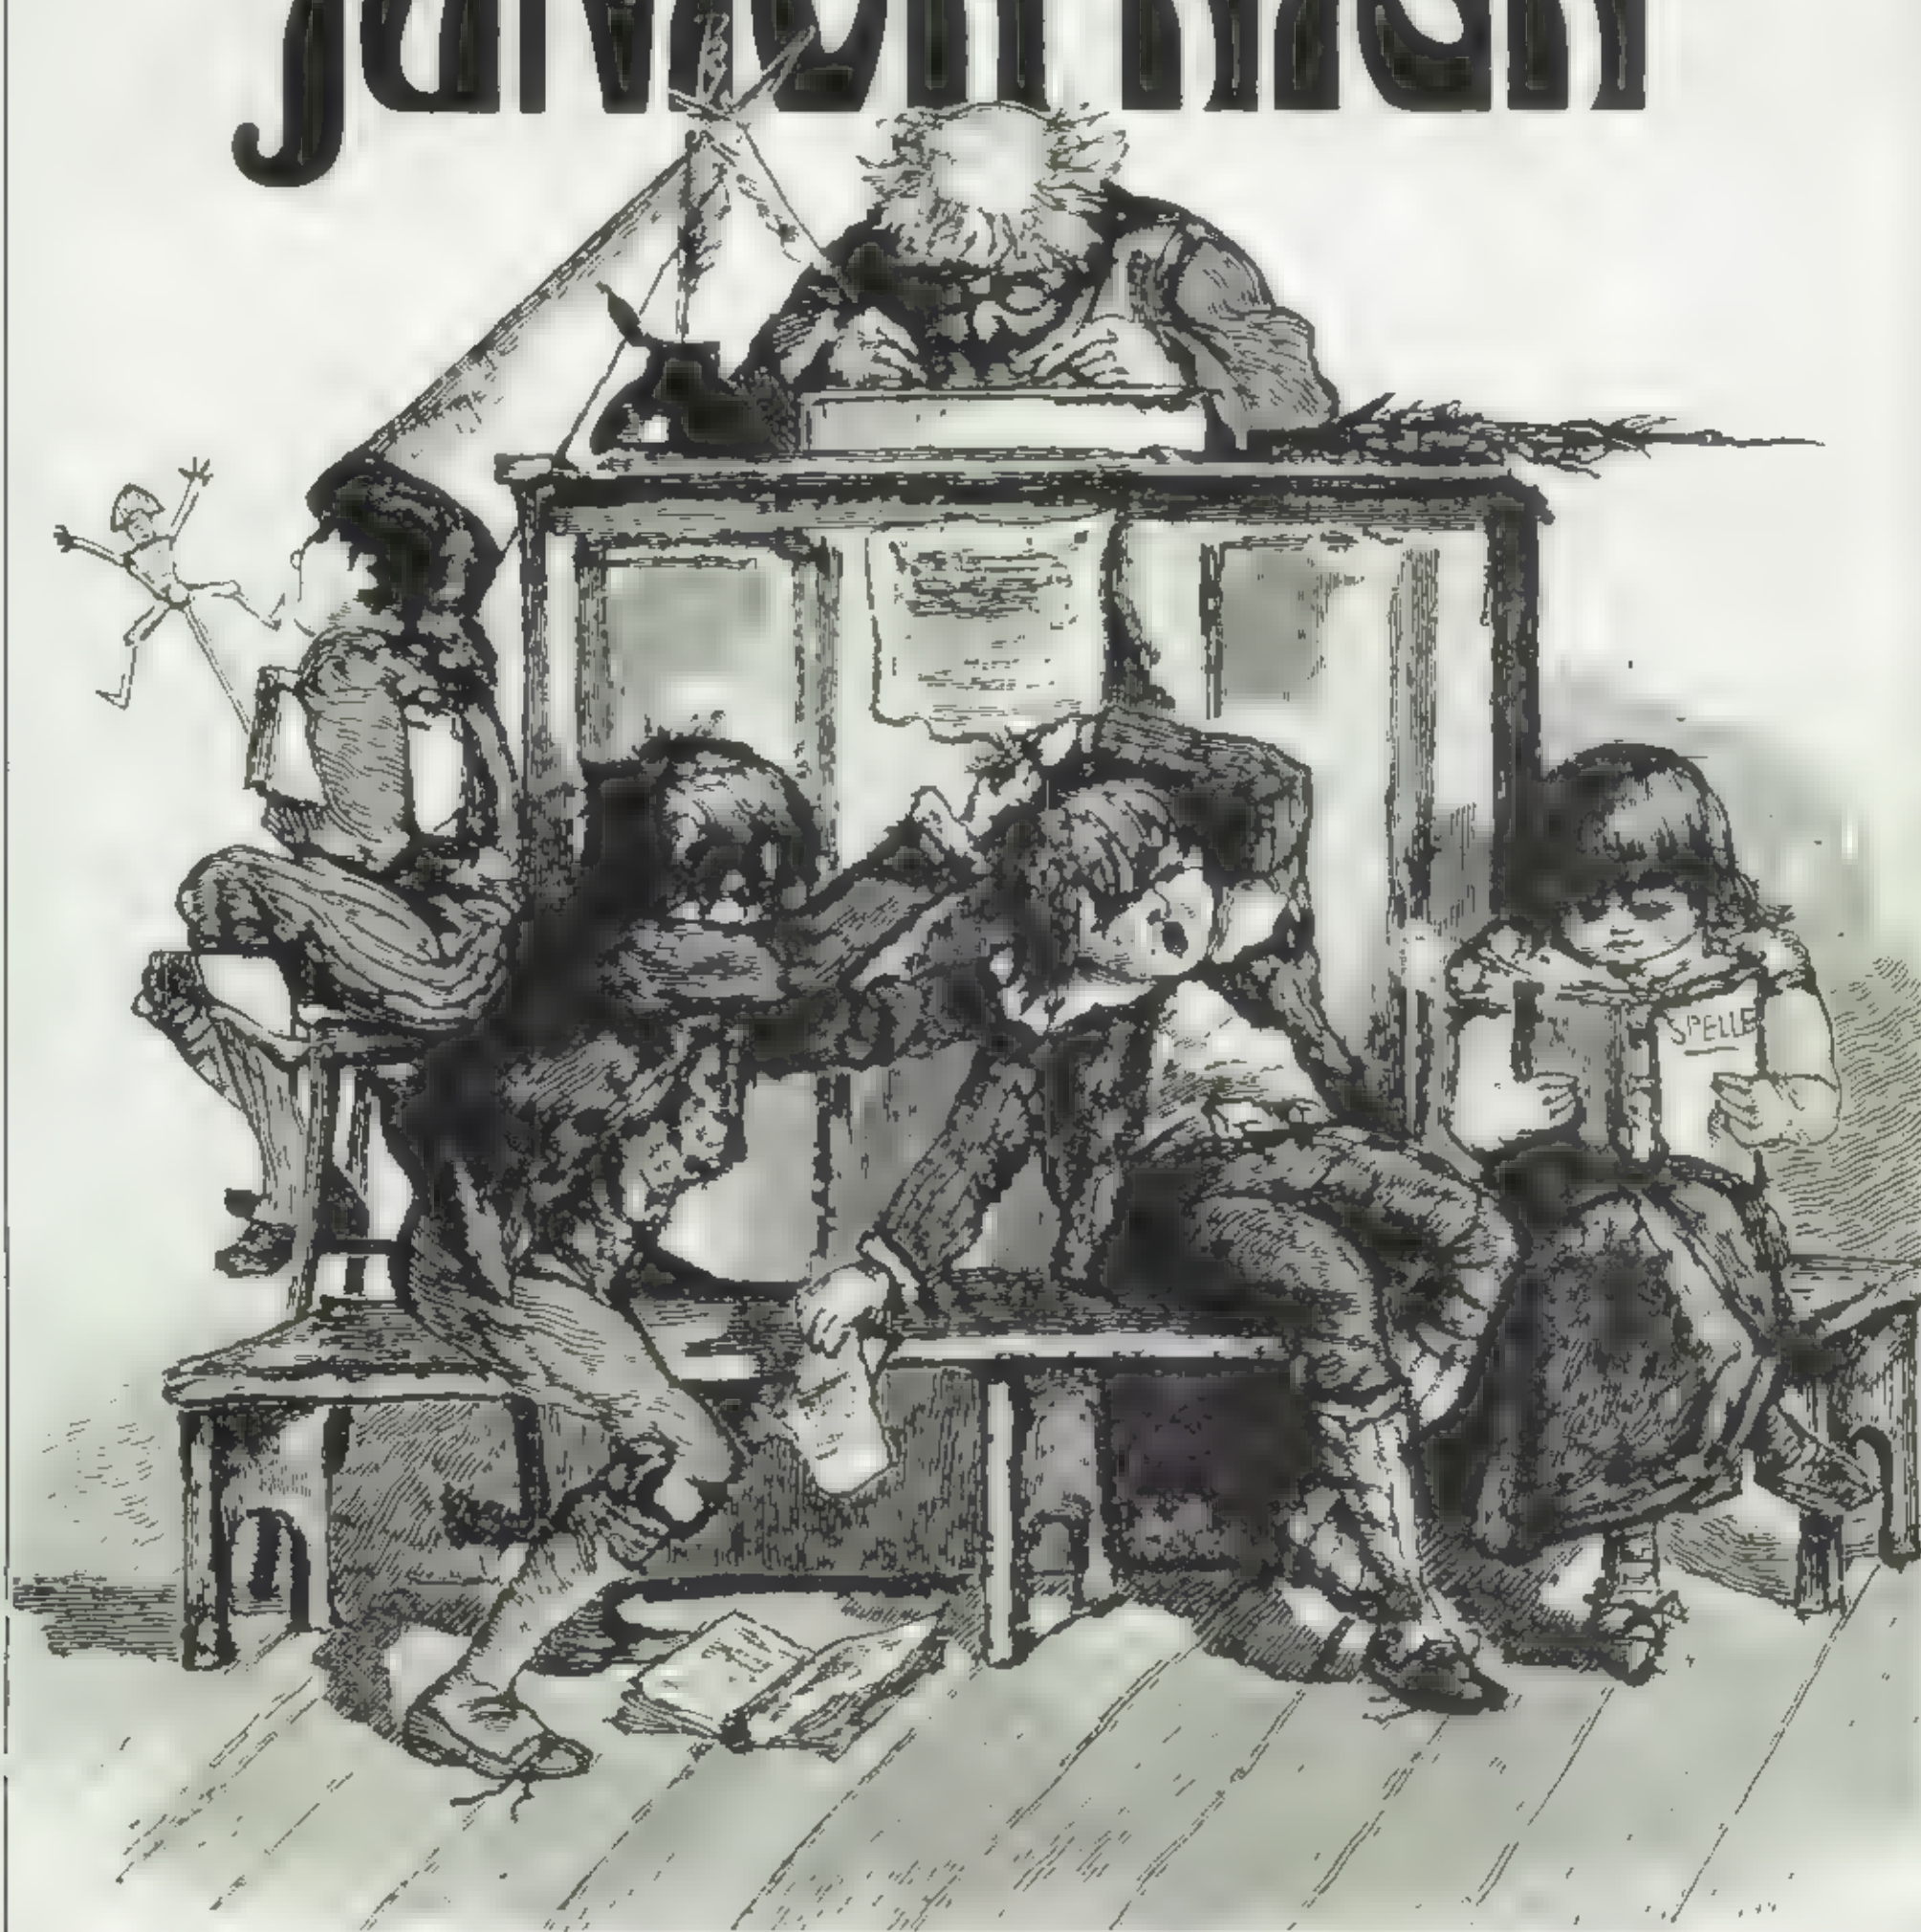

Don's height put him to the lead on our rebound list with an average of 16 per game. Four-year letterman. Don also shot with an average of 18.1 points per game. The loss of his abilities on the basketball floor will show next year.

EDITORS' MESSAGE

We would like to take this chance to express our deep gratitude to everyone who assisted in making this book. This includes the teachers, advertisers, sponsors and, of course, the annual staff. The annual staff deserves great praise for depicting school life at B.H.S. in the way that it actually occurs. We've struggled through times of happiness, sadness, a time of fun, a time of study and work, and we've been through tragedy and times of reward and exhilaration. In all fairness, however, we would like to thank Mrs. Young, our sponsor, who worked diligently and with enough vitality to make working on the annual a lot of fun as well as a rewarding experience.
